

TRANSPORT ULTRA™

Ammonium Sulfate Replacement Plus Surfactant Premix

PRINCIPAL FUNCTIONING AGENTS

| | |
|--|------|
| Proprietary blend of nonionic surfactants, ammoniated ions, water conditioning agents and antifoam | 80% |
| Constituents ineffective as spray adjuvant | 20% |
| TOTAL | 100% |

All ingredients are approved for use under CFR 40, 180.1001 (c)

KEEP OUT OF REACH OF CHILDREN WARNING

PRECAUTIONARY STATEMENTS

CAUSES EYE BURNS. CAUSES SKIN IRRITATION. HARMFUL IF SWALLOWED. MAY CAUSE ALLERGIC SKIN REACTION. Do not get in eyes, on skin or on clothing. **Before using this product, read the entire label, including the conditions of sale.**

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers of this chemical should wear chemical safety goggles, chemically impervious gloves, protective apron, long-sleeved shirt, pants and boots. Consult the MSDS for further information.

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed:** Do not induce vomiting unless directed to do so by medical personnel. If individual is fully conscious, give a large amount of water to drink. Never give fluids or force vomiting if the person is unconscious, is having convulsions or has no gag reflex. If large quantities are swallowed, seek immediate medical attention.
- If In Eyes:** Check for and remove contact lenses. Immediately flush eyes with water for at least 15 minutes. Cold water may be used. Seek immediate medical attention.
- If On Skin:** Immediately remove contaminated clothing and wash affected area with plenty of soap and water. Cold water may be used. Seek immediate medical attention.
- If Inhaled:** Move individual to fresh air. If breathing is difficult, give oxygen, or if not breathing, give artificial respiration, and seek immediate medical attention.

GENERAL INFORMATION

TRANSPORT ULTRA is a low-use-rate, ammonium sulfate replacement product that combines nonionic surfactant, water conditioning agents and ammonium ions in a convenient premix formulation. TRANSPORT ULTRA is designed to effectively replace the need for ammonium sulfate with weak acid herbicides such as glyphosate, dicamba and phenoxies. TRANSPORT ULTRA sequesters antagonistic hard water ions and protonates the herbicide for rapid uptake and translocation, ensuring optimum biological performance.

DIRECTIONS FOR USE

Always mix and apply this product in accordance with the instructions found on the pesticide label regarding adjuvants. In the absence of specific instructions follow the application and mixing guidelines below.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, RIGHTS-OF-WAY, AND OTHER APPROPRIATE USES.

APPLICATION RATES

Using the guidelines below, apply TRANSPORT ULTRA at 1–2 quarts per 100 gallons or 1–2 liters per 400 liters of spray solution (0.25–0.5% v/v).

NOTE: Use the higher use rates:

- When replacing 17 lbs. (8 kg) of ammonium sulfate per 100 gallons (400 liters) of spray solution.
- When nitrogen responsive weed species, such as velvetleaf, are present or weeds are under weather stress conditions.
- When up to 1 pint (0.5 liter) per 100 gallons (400 liters) of spray solution of additional nonionic surfactant is required.

Use the lower use rates:

- When replacing 8.5 lbs. (4 kg) of ammonium sulfate per 100 gallons (400 liters) of spray solution.
- Additional surfactant is not required.

MIXING

In the absence of specific mixing instructions found on the pesticide label, fill the spray tank 3/4 full of desired water volume. While the water is agitating, add tank mix ingredients in the following order: 1. TRANSPORT ULTRA. 2. Water-soluble packets, dry flowables and dispersible granule pesticides. 3. Flowable pesticides. 4. Water-soluble pesticides. 5. Emulsifiable concentrate pesticides. 6. Finish filling spray tank to desired level and continue agitation.

STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature before use. Keep containers sealed when not in use. Store in original container only. Do not reuse empty container; rinse empty container thoroughly. Dispose of material in accordance with local, state and federal regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
